### The Antidote to that "Hang in There, Baby!" Poster ★★★★★

Up until now, we've only seen cats in business hanging onto a bar waiting for Friday to come. Karen Wormald's book sets the record straight by shining a positive light on feline philosophy. The book is full of wit and truth--the perfect gift for an office co-worker or a cat-loving friend or family member!

When does the calendar come out? It would provide just the right decoration for my cubicle. And my dog of a boss would have to see it every day!

### How to Work Like a Cat ★★★★★☆

Cat lovers will pounce on this insightful tale of feisty felines and crazy canines caught in the crosshairs of Corporate America, so buy Karen Wormald's book, some catnip, and a few treats, and stuff them all into a friend's holiday stocking this year!

### Great gift for all cat lovers and those who work like cats! ★★★★★

We loved this book, it contains funny insights to the [workaday life](#) and how 'working like a cat' can help you cope. I opened the book to the 'Hairballs are not meant to be kept inside' page and laughed out loud.

This would make a [great gift](#) for any cat lover or just someone who works in the corporate [world](#). It makes you think about whether you, 'work like a cat' or 'work like a [dog](#)'. This would make a great stocking stuffer!

### HOW TO WORK LIKE A CAT ★★★★★

I'm tired of being the over-[worked](#), enthusiastic "[dog](#)" of my company while other employees have all the time in [world](#) to flit the day away with talking sports, politics, sports, politics, sports, [weather](#), sports...

I've actually tried some of the methods Karen recommended in her new book this past week... and IT REALLY WORKS!

Thanks Karen!

In most jobs, you're expected to [work like a dog](#) - show boundless enthusiasm for any dull and pointless task you're assigned; act thrilled with any meager reward that's tossed your way; play nice with the other dogs; and never question the leader of the pack. For your own sanity, you need to wise up and end this ridiculous canine charade. [Cats have](#) it all figured out. They live by their own rules. They refuse to be ignored. They're self-assured and serene. This humorous book helps readers learn to work like a cat instead of a dog, urging headers to break free of the leash and leap up the workplace ladder.
