How to Work Like a CAT

By Karen Wormald

Hardback, 96 pages, \$14.95

For anyone who has ever worked like a dog, this book will give you an entirely new outlook on how to get ahead in the working world—feline style.

Think catnaps. Copycats. Leaping to the top of the ladder. Letting sleeping dogs lie.

Great photos. This is a very fun book filled with logical inspiration from our favorite four-legged feline furballs.
